

**Therapeutic Services is designed to prepare students to pursue careers in fields of dentistry, pharmacology, nutrition, or rehabilitation. Upon completion of this program a proficient student will be able to identify careers in therapeutic clinical services; assess, monitor, evaluate, and report patient/client health status; and identify the purpose and components of treatment. Students have the opportunity to take part in a clinical internship at the end of this program of study along with optional testing for either Certified Pharmacy Technician or Certified Clinical Medical Assistant industry certification.**
